New Non-stop Air Service to Dallas Love Field

RENO, Nev. – Southwest Airlines is showing its “Love” for Reno-Tahoe with the announcement of new seasonal air service flying non-stop once a week to Dallas Love Field from Jan. 7 to March 4, 2017.

The new flight is perfectly timed for the ski season and flies to and from convenient Love Field, rather than busy Dallas Fort Worth (DFW). Love Field is the headquarters for Southwest Airlines and offers connections throughout the Southwest air service network. This announcement follows the recent start of three daily flights between Reno and Oakland on Southwest.

“The seasonal service to Dallas Love Field is another demonstration of our region’s outstanding partnership with Southwest Airlines,” said Marilyn Mora, President and CEO of Reno-Tahoe International Airport. “Southwest provides more flights in our market than any other airline and we truly appreciate their support for Reno-Tahoe.”

Reno-Tahoe International Airport currently offers three daily non-stops on American Airlines to Dallas Fort Worth; but the Southwest non-stop in to Love Field will give travelers a new option in to the Dallas area. And current fares on Southwest are competitive, at just \$119 one-way.

The new flight will depart Dallas Love Field at 11 a.m. and land in Reno at 12:30 in the afternoon. It will depart Reno at 11 a.m. and land in Dallas at 4:05 p.m.

The Love Field service is the 11th new flight announcement by Reno-Tahoe International in the past 14 months. Flights can be booked now at www.southwest.com.
