

THINGS TO RNO....

We Move You, Safely

Planning your trip —

- #1 RNO is open and fully operational.
- #2 Visit your airline's website for their schedule.
- #3 We have a robust social distancing/safety plan for passengers.
- #4 We follow guidance from the Centers for Disease Control and Prevention (CDC), State of Nevada and other federal and health agencies.
- #5 Visit www.renoairport.com for important airport information.
 - Including specific COVID-19 travel information: <https://www.renoairport.com/airport-authority/coronavirus>.

Before you leave home —

- #6 Check your airline's website for travel requirements and flight status.
- #7 Print your boarding pass or download your airline's mobile app.
- #8 Pack your face covering, hand sanitizer (up to 12oz) or wipes in your carry-on.
- #9 Pack a snack & per TSA, place in a clear plastic bag.

At the airport —

- #10 Wear your face covering throughout your airport journey.
- #11 RNO employees will be wearing face coverings.
- #12 We strongly encourage all tenants to do so as well.
- #13 Pay attention to social distancing and signage.
- #14 RNO is performing continuous, 24/7 cleaning throughout the airport.
- #15 We use CDC approved, hospital grade disinfectant.
- #16 Plexiglas shielding has been installed at key counter areas.
- #17 Restaurants and stores are open post security.
- #18 Airlines have limited/suspended inflight food and beverage services.
- #19 If you didn't pack a snack, food is available at airport restaurants.
- #20 Buy a beverage post security.
