Daily Non-Stop Service to Charlotte, North Carolina
Coming Soon to Reno-Tahoe International Airport

Reno, Nev. – Beginning June 3, American Airlines will fly the 128-seat, high-performance Airbus A319 non-stop between Charlotte Douglas International (CLT) and Reno-Tahoe International (RNO), the first such recorded service in RNO’s history. American’s new flight tops a long list of previously announced destinations from RNO since September.

Passengers will fly from the highly sanitized and clean RNO to a major East Coast American Airlines hub, providing convenient connections to the airline’s expansive worldwide network. CLT is American’s fifth hub, along with Dallas (DFW), Phoenix (PHX), Chicago (ORD) and Los Angeles (LAX), with non-stop flights from RNO.

Departure times for the daily, seasonal service are:

**CLT - RNO**
8:20 p.m.

**RNO - CLT**
10:55 p.m.

Charlotte flights are available through September 7 but could be extended based on passenger demand. Visit [www.aa.com](http://www.aa.com) for reservations.
